

## Thankful Yodel\*

Sun warm in my face,  
Back turned to the breeze,  
Doin' what I like 'cuz I'm free.  
Green grass covers the place,  
Honest pony 'tween my knees'  
Livin' where we want to be.

### **Chorus:**

Yes, its a new day since I met Jesus  
My sins are washed away, to start a brand new day.  
It's a new day since I met Jesus  
Forgiven, I'm not guilty anymore.

### **(Yodel)**

Lovin' wife awaits,  
Children growin' wise  
Friends as true as friends can be.  
Sorrows past my gates,  
Joy is on the rise,  
Christ Jesus is living in me.

### **Repeat Chorus:**

(Yodel again, then double time)

\*2/8/'95 before daylight, when heading to check on cows in Sedan, I realized that I didn't know any yodel songs suitable to do in church to honor my Master Musician. When undertaking a new level of musical performance such as bass guitar, mandolin, lead guitar, falsetto singing, or yodeling, I wanted to do it in church first. I received this one and will sing it in faith. The chorus was written after my first Cowboys for Christ meeting. It was XIT 8/'95 with R W and met Ted Pressley.
