

Necessary Chauvinism

**I was raised in a Southern fashion.
Always workin' in a male-only crew
Anywhere you're at, or anyone you're with
A man can do what a man's got to do.**

**Now I can feel a woman's comin'
'Fore she ever comes into sight.
No matter how soon it's been since I went last
My bladder starts a 'getting' plumb tight.**

***Written horseback with R W Hampton,
Jeremy and Chuck while working cattle at Saden.
Inspired when Mrs. Unruh showed up on the scene 2/27/95**
